\*La superficie territoriale complessiva delle tre Regioni raggiunge un'estensione complessiva di 35.807,72 kmq:

\*

□ la Regione del Veneto 18.407,42 kmq

□ la Regione Friuli Venezia Giulia 7.862,30 kmq

□ il Land Carinzia 9.538,00 kmq

\* energy resources, environmental problems (such as pollution), transport, culture, social health, welfare, agriculture, tourism, and manufacturing activities.

\* **Our priorities**

- \* different way of living and different languages
- \* As the EGTC Euroregion Without Borders has been conceived as an institutional response to a need for greater co-operation of the territories, there is still the problem of understanding how to keep the interest and participation of civil society in a long term path
- \* How to spread awareness and information about EGTC and how to involve citizens and firms, making them aware of the opportunities of the Euroregion

## \*The main problems

## Euregio "Senza Confini"

# \*The Adriatic - Baltic Axis

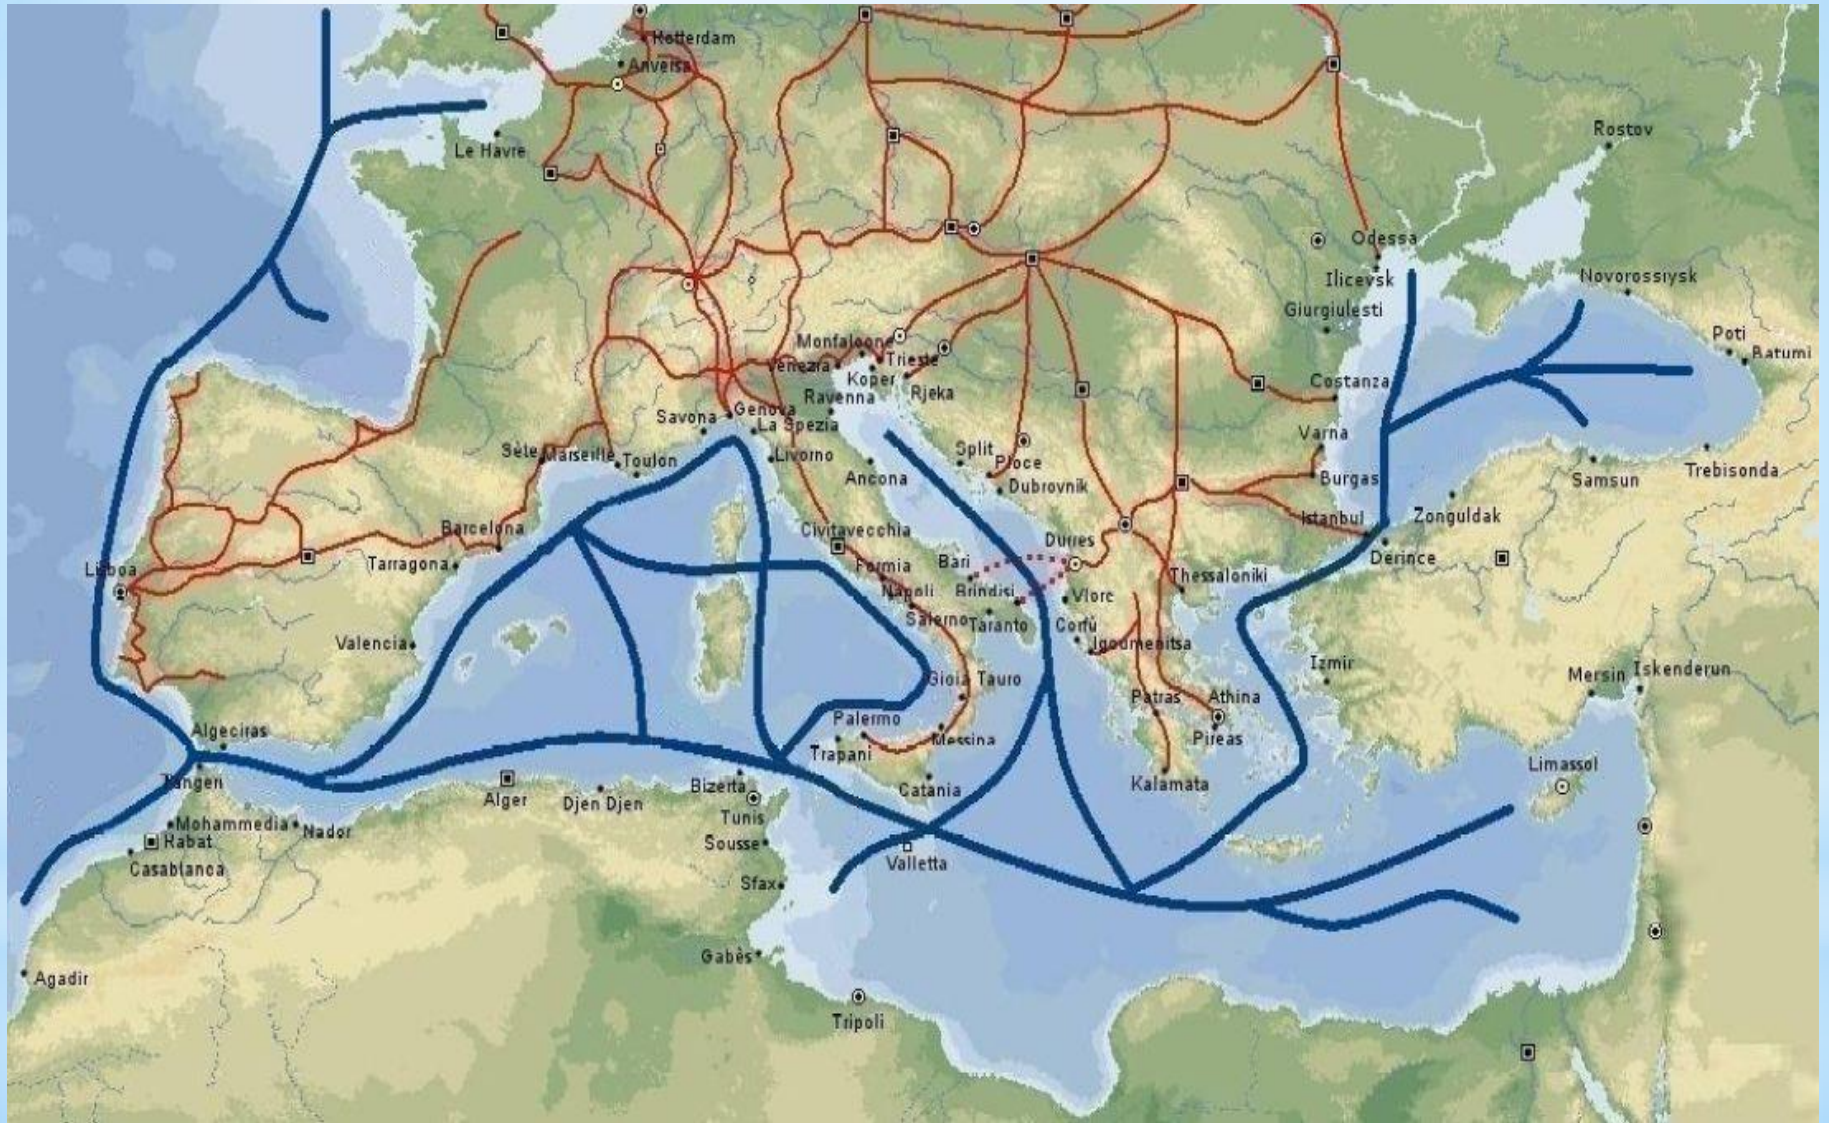

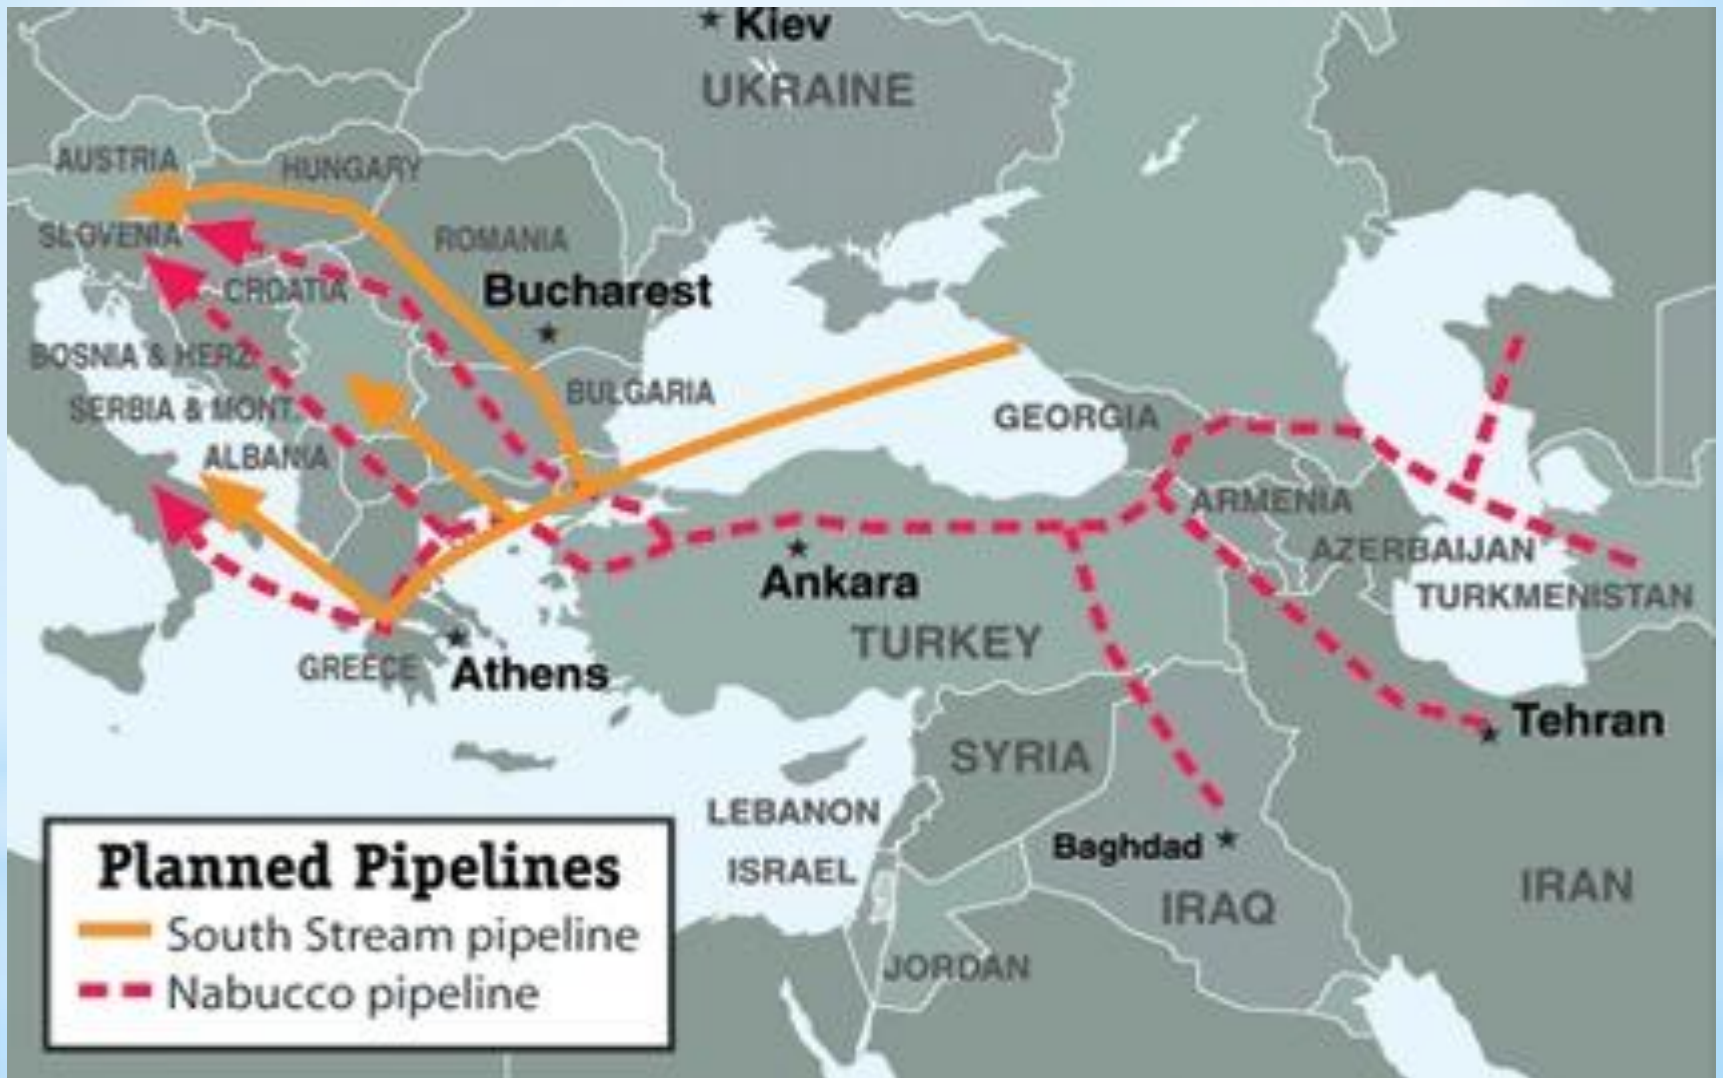

**Nuovo servizio Nord Adriatico-India via Port Said West**  
**New maritime service North Adriatic Sea-India via Port Said West**

\* major sea routes
